

Brooke Grossmann Reel Breakdown

Terra Nova

Comped in After Effects and Nuke

Removed rigging in background plate.
Composited CG creature into plate, with full use of all cg buffers

Die Hard 5

Comped in Nuke

Original plates had only a partial set built, with greenscreen around it.
Added CG building extension and sky dome, where visible.
Added fires and interactive lighting inside the building, in both CG and plate windows.
Added atmosphere, dust and debris FX, as well as interactive CG searchlight, where visible.

Time Warner Cable | Game of Thrones

Comped in After Effects

Composited CG creature into live action background plate.
Added interactive live action water elements on CG creature.
